.

Pharmacotherapeutic group
Herbal preparation for normalizing men sexual function.

Pharmacological action
Tentex forte is a non-hormonal and safe sexual stimulant. Acts on the higher nerve centers, the hypothalamus, limbic system and improves libido. Tentex forte improves and maintain an erection. Due to the antistress, adaptogenic properties eliminate anxiety caused by sexual desire

Indications
- sexual dysfunction;
- sexual weakness;
- functional impotence;
- weak erection.

Contraindications
- hypersensitivity to product components;
- hypertension;
- later stages of atherosclerosis;
- chronic renal failure;
- cardiac failure.

Directions for use and dosage
Oral.
2 tablets 2 times daily, for 3-4 weeks, then as needed. High doses prescribe by a doctor.
Weak erection: 2 tablets in the morning and 2 tablets one hour before bedtime.
Sexual weakness in older men: 2 tablets 2 times daily for 45-50 days. Course repeat treatment after 6 months.
Fully functional impotence: to increase the dose to 2 tablets 3 times a day. Treatment carried out under supervision a doctor.
Simultaneous use with the Himcolin gel (“The Himalaya Drug Company”) reinforces therapeutic effect.

Adverse effects
Not reported.
